Description:

The cake decorating project is divided in 5 Levels. Members will start with Level 1 and move on to the next Level the following year. Members come to my house by levels for lessons at 3065 Brooklyn street from 6:30pm to 8:15pm about eight times between October and May. They also come one Saturday from 10am to 3pm to decorate their Achievement Days practice cake.

For each level there is a requirement to learn how to use specific decorating tips. At Achievement Days, members will bring a decorated cake and another small cake decorating related article based on the requirement for their level.

Members can complete cake decorating project on their own if they know somebody who has the skills to teach them. I can only take six Level 1 each year and we are often full by September. Member should place their name on the waiting list by calling Sophie if they are interested.

Estimated start of project : October

Project Requirements:

Learn cake decorating skills at my house and practice at home.

Learn how to judge cakes

Complete a Record Sheet

Bring a decorated cake and a second article at Joint Achievement Days

Cost to Members: \$10 so I can buy ingredients to make cakes and icing for practice nights.

Six Members in Level 1 can borrow a cake decorating tool kit for the whole first year. In Level 2 and above members must buy their own tool kits. Cost to purchase the kits for Level 2 is approximately \$60, Level 3 \$15, Level 4 \$40, Level 5 \$5.
