

Project: Miniature Horse

Leader(s): Cathy and Sydney Milne

Contact Info: Sydney Milne:

sydneymilne123@gmail.com or (902) 680- 2631

Description: I like to direct the mini horse project towards each member's needs. There will be more meetings during the beginning of the summer to make sure everyone is on track, and then little as the summer goes on and the member is more confident to work with a mini on their own.

The project includes showmanship as a requirement, but optional classes are pleasure driving, barrels, and in hand jumping (this is a fun class offered at achievement days and is not recognized at proshow).

If you are interesting in showing miniature horse but do not have access to one, contact me and we can try to match you up with one in the area.

Estimated start of project: Mid Spring (whenever the weather is nice!)

Project Requirements: Judging

Showmanship

Cost to Members: Little to none
