

Project: Vet Science

Leader: Mikahla Dorey

Contact Information: mikahla.dorey@gmail.com or 902-679-7808

Description:

We will learn about various illnesses and diseases. Information taught is customized to the members' interests. Bones, anatomy, muscles, reproduction, nervous system, digestive system, biosecurity, condition, teeth, genetics, first-aid – These are various topics we can talk about. Project is very open to what the members are interested in.

We will do a farm tour and possibly a vet tour. We will work on achievement day articles together. Other field trip ideas will be discussed with the members during meetings.

Estimated Start: Information will be sent online via email for knowledge related topics [I am attending Dalhousie University in Truro]. Tours will begin in February – March time. In person meetings will be held beginning in April.

Project Requirements:

Completed Record Sheet

3 articles shown at achievement days

*Judging is NOT part of the Vet Science project

Cost to Members: Low – Varies depending on materials purchased for Achievement Days – Gas for field trips
